

2009 Singapore General Hospital Breast Fellowships

The Department of Diagnostic Radiology at the Singapore General Hospital is offering two 6 month fellowships in Breast Imaging for 2009.

Fellows will gain exposure and experience in:

- Full-field digital mammography
- Breast ultrasound and breast elastography
- Magnetic resonance imaging of the breasts
- Stereotactic and ultrasound-guided hookwire localisation
- Ultrasound-guided FNAC and core needle biopsies
- Stereotactic, ultrasound and MRI-guided vacuum-assisted breast biopsies

A monthly stipend and re-imburement of airfare are included in this fellowship.

Applicants should have the following:

- Postgraduate medical qualification in radiology e.g. FRCR, MMed (Diagnostic Radiology) or equivalent
- Minimum 2 years of postgraduate training experience in diagnostic radiology (after obtaining the postgraduate medical qualification)
- Current position as Registrar, Resident or equivalent (Advanced Specialty Trainee level)
- Proven competency in English language
- Below 42 years old
- Experience in Breast Imaging is preferred

Interested applicants are to write to:
